INDEX OF SUBJECTS AND AUTHORS

Abdomen, Acute, during pneumothorax therapy, 50

Accessory lung, Tracheal, 654

Accidents and complications of artificial pneumothorax, 38

Acetylsulfanilamide and sulfapyridine, Sulfanilamide, 117

Acid-fast bacteria in vitro, Action of serum, cells and blood on,

I. Absence of *in vitro* bactericidal power against human tubercle bacilli or timothy bacilli in the serum-leucocyte mixtures or the blood of normal and immunized rabbits, 605

II. Failure to demonstrate bactericidal power in various bloods. The relative advantages of a solid medium and of liquid blood in demonstrating the viability of bacilli in blood, 620

III. Evidence of the nutritional basis of the so-called bactericidal action of rabbit serum on *Mycobacterium phlei*, 637

Actinomycosis of the lung and pleura, 358

Action of serum, cells and blood on acid-fast bacteria in vitro,

I. Absence of *in vitro* bactericidal power against human tubercle bacilli in the serum-leucocyte mixtures or the blood of normal and immunized rabbits, 605

II. Failure to demonstrate bactericidal power in various bloods. The relative advantages of a solid medium and of liquid blood in demonstrating the viability of bacilli in blood, 620

III. Evidence of the nutritional basis of the so-called bactericidal action of rabbit serum on *Mycobacterium phlei*, 637

Acute abdomen during pneumothorax therapy, 50

Adolescents, Treatment of pulmonary tuberculosis in, 307

Adults, Beginning of pulmonary tuberculosis in, 549

Adults, Primary tuberculous infection in, 562

Aged, Tuberculosis in the, 210

Agranulocytosis, Total, following gold therapy, 344

ALEXANDER, H. See BENDOVE, R. A., *et al.*, 177

American Trudeau Society, Annual meeting of the, 669

Amplifier, Radio, in the treatment of tuberculosis of the larynx, 660

ANDRUS, PAUL M. Chronic nonspecific pulmonary disease,

I. The radiographic diagnosis of bronchiectasis, 87

II. The pathogenesis of bronchiectasis, 99

III. Classification, 104

Aneroid pneumothorax apparatus, Portable, 812

Anorectal tuberculosis, 760

Antituberculosis campaign in Sweden, Reorganization of the, 368

Apparatus, Pneumothorax, 522

——, ——, aneroid, Portable, 812

——, ——, Portable, 519

Appendicitis, 398

ARONSON, WILLIAM, AND RUBIN, ELI H. Primary neurofibroma of the lung, 801

Artificial pneumothorax, Accidents and complications of, 38

—— ——, Intrapleural pressures in, 461

Asbestosis, Clinical studies in, 12

Aspiration, Transpleural, of tuberculous cavities (Monaldi), (editorial), 661

Attenuation by X-rays of human tubercle bacilli, 507

Bacillary counts in sputum, 481

Bacilli, tubercle, Culture of, 120

——, ——, heat-killed, Immunizing property of, 512

——, ——, human, Attenuation by X-rays of, 507

Bacteria, acid-fast, in vitro, Action of serum, cells and blood on,

I. Absence of *in vitro* bactericidal power against human tubercle bacilli or timothy bacilli in the serum-leucocyte mixtures or the blood of normal and immunized rabbits, 605

II. Failure to demonstrate bactericidal power in various bloods. The relative advantages of a solid medium and of liquid blood in demonstrating the viability of bacilli in blood, 620

III. Evidence of the nutritional basis of the so-called bactericidal action of rabbit serum on *Mycobacterium phlei*, 637

BCG immunization, 592

Beginning of pulmonary tuberculosis in adults, 549

BENDOVE, R. A., ALEXANDER, H., DEREN, M. D., AND LIPSTEIN, S. Rate of conversion of sputum during pneumothorax treatment, 177

BENNETT, RICHARD H., AND BURBANK, BENJAMIN. The acute abdomen during pneumothorax therapy, 50

Bethune, Norman, 1890–1939, in memoriam, 819

Blood, Action of serum, cells and, on acid-fast bacteria in vitro,

I. Absence of *in vitro* bactericidal power against human tubercle bacilli or timothy bacilli in the serum-leucocyte mixtures or the blood of normal and immunized rabbits, 605

II. Failure to demonstrate bactericidal power in various bloods. The relative advantages of a solid medium and of liquid blood in demonstrating the viability of bacilli in blood, 620

III. Evidence of the nutritional basis of the so-called bactericidal action of rabbit serum on *Mycobacterium phlei*, 637

BOGEN, EMIL. The changing prognosis in pulmonary tuberculosis, 447

——, ——. Tuberculosis survey of San Bernardino County, 781
